

CUMULATIVE SUBJECT INDEX

VOLUME 20

* Indicates original article.

ACETYLCHOLINE

- in mechanism of headaches of migraine type, 381

ADENOSINETRIPHOSPHATE (ATP)

- in schizophrenia, 267

ADOLESCENCE

- late, in patient with diabetes, 231*

ADRENALINE

- LSD-25 and metabolism of, 125*

ALCOHOLISM

- comparison of reserpine and disulfiram in treatment of, 167
- management of depression in, 320*
- outpatient treatment of postalcoholic syndrome with promazine hydrochloride given orally, 65
- psychodynamic functions of alcohol, 167

ALLERGIC REACTIONS

- biochemistry of neuroallergic reactions, 183

ALZHEIMER'S DISEASE

- circumscribed cortical atrophy in, 387
- electroencephalography in, 184

ANALEPTIC AGENTS

- pharmacology of, 279

ANGIOGRAPHY

- cerebral, in diagnosis of cases of "stroke," 382

ANTICOAGULANTS

- for occlusive cerebrovascular lesions, 388

ANXIETY

- concerning electric shock in therapy, 181
- diagnosis of, analysis of psychiatrist and, 273
- infantile, neuroses and, 372

APRAXIA

- nature of, 83

ARACHNOIDITIS

- study of, 387

ATARAXICS—See also specific drugs.

- evaluation of, 81
- projective tests in evaluation of, 276
- in reading disability treatment, 251*
- in schizophrenia therapy, 176
- theoretical considerations in Parkinsonism induced by tranquilizing drugs, 378

ATTENTION SPAN

- concentrative, in chronic schizophrenia, phenothiazine drugs and, 179

ATTITUDES

- factors influencing outcome of treatment of hospitalized psychiatric patients, 326*

AUTISM

- in children, 274, 372

AZACYCLONOL

- studies in selection of patients, dosage, and administration, 14*

BARBITURATE POISONING

- analeptics in, 279

BEHAVIOR

- acute reserpine treatment and, 278
- childhood disorders of, diagnosis and treatment of, 373
- psychotic, chlorpromazine and, 147*

BENACTYZINE

- in depressive conditions, 378

BLOOD

- study of, in psychotic patients under chlorpromazine, 109*

BLOOD VESSELS

- arterial anomalies of spinal cord, 187
- cerebral vasospasm, clinical and experimental evidence, 84
- course and prognosis in spontaneous occlusions of cerebral arteries, 281
- prognosis of some brain stem vascular syndromes, 85

BODY FLUIDS

- in schizophrenia, 266

BODY IMAGE

- theory concerning body image and body reactivity, 377

BOECK'S SARCOID

- simulating brain tumor, 286

BOOK REVIEWS

- Child Psychiatry (ed. 3), 94
- Criminal Mind (The), 93
- Deafness, Mutism, and Mental Deficiency in Children, 195
- Doctor (The) Eyes the Poor Reader, 191
- Education (The) of Young Children, 97
- Epileptic Seizure (The), 96
- Fear: Contagion and Conquest, 291
- Fifty Years of Neurosurgery, 287
- Gang (The)—A Study in Adolescent Behavior, 391
- Hamlet's Mousetrap, 193
- Infantile Cerebral Palsies (The), 194
- Instinctive Behavior, the Development of a Modern Concept, 292
- Integrating the Approaches to Mental Disease, 96
- Introduction (An) to Psychopathology, 293
- Juvenile Delinquency, 287
- Live and Let Live—The Moral of the Wolfenden Report, 195
- Multivariate Correlational Analysis, 191
- Panic and Morale, 95
- Person (The) in Psychology: Reality or Abstraction, 192
- Personality Patterns of Psychiatrists, a Study of Methods for Selecting Residents (vol. 1), 389
- Personality Patterns of Psychiatrists (vol. 2), 293
- Psychiatry and Religious Experience, 289
- Psychoanalytic Study (The) of the Child (vol. 13), 289
- Psychopathology of Communication, 94
- Reaching Delinquents Through Reading, 194

CUMULATIVE SUBJECT INDEX

VOLUME 20

* Indicates original article.

ACETYLCHOLINE

- in mechanism of headaches of migraine type, 381

ADENOSINETRIPHOSPHATE (ATP)

- in schizophrenia, 267

- Person (The) in Psychology: Reality or Abstraction, 192
- Personality Patterns of Psychiatrists, a Study of Methods for Selecting Residents (vol. 1), 389
- Personality Patterns of Psychiatrists (vol. 2), 293
- Psychiatry and Religious Experience, 289
- Psychoanalytic Study (The) of the Child (vol. 13), 289
- Psychopathology of Communication, 94
- Reaching Delinquents Through Reading, 194

- Scientific Study (The) of Social Behaviour, 290
- Selected Writings of John Hughlings Jackson (vol. 1: On Epilepsy and Epileptiform Convulsions; vol. 2: Evolution and Dissolution of the Nervous System; Speech; Various Papers, Addresses and Lectures), 288
- Selected Writing of Walter E. Dandy, 287
- Sex Perversions and Sex Crimes, 97
- Slow Learner (The), 95
- Ten Million and One, 194
- Theory and Problems of Child Development, 390
- Theory of Psychoanalytic Technique, 389
- BRAIN**
 - acute cerebellar syndrome of childhood, 90
 - effects of psychopharmacologic and tremor-producing compounds on, 189
 - injuries, diagnosis and treatment of, 89
 - LSD-25 and intellectual functions of, 177
 - psychotherapy and mechanisms of, 170
 - studies of hypoglycemic, 383
 - blood vessels:*
 - accurate diagnosis by cerebral angiography in cases of "stroke," 382
 - anatomic studies of circle of Willis in normal, 383
 - anticoagulants for occlusive cerebrovascular lesions, 388
 - cerebral vasospasm, clinical and experimental evidence, 84
 - clinical and electroencephalographic studies in spontaneous intracerebral hematoma, 282
 - course and prognosis in spontaneous occlusions of cerebral arteries, 281
 - prognosis of some brain stem vascular syndromes, 85
 - diseases:*
 - cerebellar hypoplasia associated with systemic degeneration in early life, 185
 - circumscribed cortical atrophy in Alzheimer's disease, 387
 - progressive cerebral degenerations of childhood, 186
 - tumors—See Tumors, brain.*
- 2-BROMOLYERGIC ACID DIETHYLAMIDE**
 - cholinesterase and, 218*
- CENTRAL NERVOUS SYSTEM—See also Brain; Nervous System; Spinal Cord.**
 - fish in evaluation of drugs affecting, 26*
 - nature of apraxia, 83
- CEREBROSPINAL FLUID**
 - metabolic activity of choroid plexus, 283
 - technique to avoid spinal-tap headache, 86
- CHILDREN**
 - acute cerebellar syndrome of, 90
 - assessment of feeble-minded, 271
 - autism in, 274
 - brain tumors of, electroencephalogram in, 284
 - childhood schizophrenia, childhood autism, and Heller's disease, 372
 - congenital muscular hypertrophy, in, 380
 - diagnosis and treatment of behavior disorders in, 373
 - Heller's disease and childhood schizophrenia, 373
 - infantile anxiety, 372
 - newborn, electroencephalograms of, 188
 - persistent psychiatric disorders after head injuries in, 189
 - progressive cerebral degeneration in, 186
 - schizophrenia in, 72
- CHLORPHENOXAMINE HYDROCHLORIDE**
 - in treatment of paralysis agitans, 388
- CHLORPROMAZINE**
 - in acute schizophrenic and manic reactions, 278
 - for disturbed psychotic patients, 275
 - hematologic studies on psychotic patients taking, 109*
 - sustained-release, and psychiatric treatment, 178
 - weight changes in relation to the characteristics of patients on, 53*
- CHOLINESTERASE**
 - 2-bromolysergic acid diethylamide and, 218*
 - lysergic acid diethylamide and, 218*
- CHOROID PLEXUS**
 - metabolic activity of, 283
- CIRCLE OF WILLIS**
 - anatomy of, in normal brain, 383
- CIRCULATORY SYSTEM**
 - anticoagulants for occlusive cerebrovascular lesions, 388
 - trimethaphan in reduction of cardiovascular stress during electroshock therapy, 315*
- COLD PRESSOR TEST**
 - as indicator of autonomic reactivity in mental states, 303*
- COLDS**
 - common, psychosomatic aspects of, 173
- COMMUNITY**
 - community needs of elderly psychiatric patients, 371
- CONVULSIVE DISORDERS—See also Epilepsy.**
 - clinical and electroencephalographic observations in Alzheimer's disease, 184
 - clinical evaluation of Spirodon in, 91
 - electroencephalogram in, 223*
 - focal seizures due to chronic localized encephalitis, 86
 - long-range effects of electropallidosotomy in, 92
 - psychologic factors involved in bizarre seizures, 384
- CRIMINALS**
 - psychiatric treatment of habitual, 367
- CULTURAL FACTORS**
 - in psychiatry, 67
- CYSTS**
 - spinal extradural, 385
- DELUSION**
 - nascent somatic, treated psychotherapeutically by confrontation technique, 135*

DEPRESSION

- in alcoholism and drug addiction, management of, 320*
- controlled trial of methyl phenidate in treatment of, 79
- Deprol in, 378

DIABETES

- diabetic neuropathy precipitated by diabetic control with tolbutamide, 382
- late adolescence in patient with, 231*

DIAGNOSIS

- angiographic, in cases of "stroke," 382
- of behavior disorders in children, 373
- of phobias, 368

DISULFIRAM

- in treatment of alcoholism, 167

DRUGS—See also specific drugs.

- methodology of clinical appraisal of action of, 369
- pharmacologic correlations of chemotherapy of mental disease, 79
- psychodynamic, re-evaluation and report, 81
- psychopharmacologic and tremor-producing, cortical and subcortical electrical effects of, 189
- relaxant, comparative effects of, on human skeletal muscle hyperactivity, 71
- significant variables in psychopharmacologic research, 370

DRUG ADDICTION

- management of depression in, 320*
- meprobamate addiction, 168

DYSTONIA MUSCULORUM DEFORMANS

- chemopallidectomy and chemopallidotomy in, 190

DYSTROPHIA MYOTONICA

- myotonia congenita and, 87
- pathology of, 386

ELECTROENCEPHALOGRAM

- in aged psychiatric patients, 88
- in Alzheimer's disease, 184
- in brain tumors in children, 284
- in convulsive disorders, 223*
- cortical and subcortical electrical effects of psychopharmacologic and tremor-producing compounds, 189
- as diagnostic and prognostic aid in differentiation of organic disorders in patients over 60, 89
- during convulsive seizure of electroshock, 88
- meprobamate and, 89
- of normal, full-term newborns immediately after birth, 188
- persistence of juvenile, 189
- in spontaneous intracerebral hematoma, 282
- use of, 285

ELECTROSHOCK

- in acute schizophrenic and manic reactions, 278
- clinical correlates of, 82
- electroencephalogram during, 88
- fear and anxiety concerning, 181

- trimethaphan in reduction of cardiovascular shock during, 315*

ENCEPHALITIS

- focal seizures due to chronic localized, 86
- postinfluenza, 190

ENCEPHALOGRAPHY

- air, in diagnosis of headache and epilepsy, 182

EPILEPSY

- cognitive changes following temporal lobectomy for relief of temporal lobe, 284
- new drug for petit mal, 185
- perspective of, 384
- pneumoencephalography in diagnosis of, 182

EXTRAVERSION

- sodium amytal and, 78

FACIAL PARALYSIS

- in poliomyelitis, 283

FUNKENSTEIN TEST

- current status of, 170

GASTROINTESTINAL TRACT

- intestinal absorption in mood disorders, 271

GLUCOSE

- in schizophrenia, 81

GROUP TRAINING

- of chronic schizophrenic patients, 176

HALLUCINATIONS

- in schizophrenia, preadaptive attitudes to, 171

HEAD

- injuries in children, persistent psychiatric disorders after, 189

HEADACHES

- of migraine type, acetylcholine in mechanism of, 381
- pneumoencephalography in diagnosis of, 182

HEART

- trimethaphan in reduction of cardiovascular stress during electroshock therapy, 315*

HELLER'S DISEASE

- in children, 372, 373

HEMIPLEGIA

- posthemiplegic reflex sympathetic dystrophy, 83

HEREDITY

- appraisal of psychogenic twin data, 72
- of mongolism, 172

HISTAMINE

- releasable levels and tolerance in tissues of psychotics, 266

HOMICIDE

- victim-precipitated, as form of suicide, 335*

HOMOSEXUALITY

- psychotherapeutic aspects of male, 77

HOSPITAL

- geriatrics service in, 371
- psychiatric unit in a general, 374

psychiatric:

- attitudinal factors influencing outcome of

- treatment of hospitalized psychiatric patients, 326*
- criteria of therapeutic response in hospitalized psychiatric patients, 69
- patient improvement and psychiatric nursing care, 376
- posthospital adjustment of chronic mental patients, 73
- psychiatric day hospitals, 269, 367
- social work in treatment of hospitalized mental patients, 361*
- HYPNOTICS**
 - thalidomide, clinical trial of, 213*
- HYPOGLYCEMIA**
 - brain in, 383
- HYSTERIA**
 - neuromuscular symptoms simulating conversion, caused by perphenazine, 277
- IMIPRAMINE**
 - in treatment of anergic schizophrenia, 235*
- INDOLE**
 - compounds of, in urine of schizophrenics, 265
- INFLUENZA**
 - influenzal encephalopathy and postinfluenzal encephalitis, 190
 - neurologic disorders associated with Asian, 90
- INSULIN COMA THERAPY**
 - International Conference on, 58*
 - in schizophrenia, 81
 - summary of round table discussion, 350*
- IPRONIAZID**
 - in schizophrenia, 279
- LIVER**
 - Wilson's disease, diagnosis and treatment of, 85
- LOBECTOMY**
 - temporal, cognitive changes following, 284
- LYSERGIC ACID DIETHYLAMIDE (LSD-25)**
 - attempts to attenuate LSD reaction in man by pretreatment with neurohumoral blocking agents, 180
 - cholinesterase and, 218*
 - clinical and laboratory observations on, 78
 - intellectual functions and, 177
 - psychological response to, 125*
 - and self- and object-size perception in schizophrenics and normal adults, 80
- MANIC-DEPRESSIVE PSYCHOSES**
 - comparison of chlorpromazine and EST in treatment of, 278
 - reserpine and duration of manic attacks, 178
- MEDICOLEGAL ASPECTS**
 - psychopaths and the Mental Health Bill, 366
- MENSTRUATION**
 - medical, psychiatric, and legal aspects of premenstrual tension, 173

- MENTAL DEFICIENCY**
 - assessment of feeble-minded children, 271
 - personality disorder and dullness, 369
 - prognostic difficulties in mental retardation, 373
- MENTAL HEALTH**
 - bill on, psychopaths and, 366
- MENTAL HOSPITALS**—*See Hospitals, psychiatric.*
- MENTAL ILLNESS**
 - characteristics of postpartum, 70
 - electroencephalogram in aged psychiatric patients, 88
 - electroencephalogram in diagnosis and prognosis of organic disorder in, 89
 - incidence of hospitalized, among nuns in United States, 69
 - perphenazine and, 177
 - pharmacologic correlations of chemotherapy of, 79
 - sociocultural factors in mental disorders, 270
- MEPAZINE**
 - prochlorperazine plus, in schizophrenia, 144*
 - in treatment of psychiatric disorders with one year follow-up, 18*
- MEPROBAMATE**
 - addiction to, 168
 - in depressive conditions, 378
 - electroencephalogram and, 89
- METABOLISM**—*See Physiology.*
- METHACHOLINE TEST**
 - as indicator of autonomic reactivity in mental states, 303*
 - prediction of improvement by use of, 267
- METHYLPHENIDATE HYDROCHLORIDE**
 - in management of institutionalized geriatric patients, 371
 - in treatment of depressed states, 79
- MONGOLISM**
 - heredity of, 172
- MOODS**
 - intestinal absorption and, 271
- MOTOR DISTURBANCES**
 - extraocular, in primary brain tumors, 386
- MULTIPLE SCLEROSIS**
 - peripheral neuropathy in, 86
- MUSCLES**
 - akinesia in Parkinson's disease, 186
 - comparative effects of relaxant drugs on human skeletal muscle hyperactivity, 71
 - congenital muscular hypertrophy, 380
- MYASTHENIA GRAVIS**
 - thymectomy in, 92
- MYOTONIA CONGENITA**
 - dystrophia myotonica and, 87
- MYXEDEMA**
 - neurologic manifestations of, 84

- NARCOLEPSY**
 - psychosomatic aspects of, 172
- NERVOUS SYSTEM**—*See also Central Nervous System.*
 - biochemistry of neuroallergic reactions, 183

- hidden neurologic mechanisms in motor function restitution, 184
- methacholine and cold pressor tests as indicators of reactivity of autonomic, in mental states, 303*
- myeloradiculoganglionitis following zoster, 385
- neurologic disorders associated with Asian influenza, 90
- neuromuscular symptoms simulating conversion hysteria caused by perphenazine, 277
- plasticity of human abdominal skin reflex, 182
- diseases—See also Convulsive Disorders.*
 - extrapyramidal and convulsive disorders, electropallidotomy for, 92
 - influenzal encephalopathy and postinfluenzal encephalitis, 190
 - peripheral neuropathy in multiple sclerosis, 86
 - relationship of dystrophia myotonica (myotonic dystrophy) and myotonia congenita (Thomsen's disease), 87
- NEUROCIRCULATORY ASTHENIA**
 - study of, 387
- NEUROLOGY**
 - accurate diagnosis by cerebral angiography in cases of "stroke," 382
 - congenital muscular hypertrophy, 380
 - diabetic neuropathy precipitated by diabetic control with tolbutamide, 382
 - pain in shoulder and arm from neurologic involvement, 381
- NEUROSES**
 - infantile anxiety and, 372
 - organ selection in, 387
- NORMALITY**
 - changing concept of, 169
- OCCUPATIONAL THERAPY**
 - dynamic aspects of, 67
 - psychiatric, 176
- OLD AGE**
 - community needs of elderly psychiatric patients, 371
 - electroencephalogram in aged psychiatric patients, 88
 - electroencephalogram in diagnosis and prognosis of organic disorder in, 89
 - notes on a state hospital geriatrics service, 371
 - oral pentamethylenetetrazol in senile patients, 33*
 - psychotherapy in, 378
 - Ritalin in management of institutionalized geriatric patients, 371
 - test for residual mental ability in senile dementia, 270
- PARALYSIS**
 - facial, in poliomyelitis, 283
- PARANOIA**
 - psychotherapy in management of, 75
- PARKINSON'S DISEASE**
 - akinesia in, 186
 - chlorphenoxamine in treatment of, 388
 - progress in therapy for, 91
 - theoretical considerations in Parkinsonism induced by tranquilizing drugs, 378
- PATHOLOGY**
 - of dystrophia myotonica (Curschmann-Steinert), 386
- PENTAMETHYLENETETRAZOL**
 - oral, for senile patients, 33*
- PERPHENAZINE**
 - in mental illness, 177
 - neuromuscular symptoms simulating conversion hysteria caused by, 277
 - treatment in psychotics, 44*
- PERSONALITY**
 - disorders in, dullness and, 369
 - "drop-out" from outpatient psychiatric treatment and, 175
 - inadequate, in psychiatric practice, 268
- PHENOTHIAZINE**
 - compared with barbiturate in chronic schizophrenia, 179
 - concentrative attention span in schizophrenia and, 179
- PHOBIA**
 - psychiatric diagnosis and treatment of, 368
- PHYSIOLOGY**
 - energy transfer systems in schizophrenia, 267
 - metabolic activity of choroid plexus, 283
 - physiologic effects of schizophrenic body fluids, 266
 - prediction of improvement by use of epinephrine-methacholine test, 267
 - predictive psychophysiologic studies, 73
 - psychologic response to *d*-lysergic acid diethylamide and its relationship to adrenochrome levels, 125*
 - releasable histamine levels and histamine tolerance in tissues of psychotics, 266
- PM 671**
 - for petit mal epilepsy, 185
- PM 1090**
 - clinical study of intravenous administration of, 38*
- POLIOMYELITIS**
 - facial paralysis in, 283
- PREFRONTAL LOBOTOMY**
 - Veterans Administration study of, 205*
- PROCHLORPERAZINE**
 - applicability of sustained-release, to psychiatric treatment, 178
 - high-dosage, for chronic schizophrenia, 80
 - mepazine plus, for schizophrenia, 144*
- PROMAZINE HYDROCHLORIDE**
 - in chronic schizophrenic patients, 368
 - in outpatient treatment of postalcoholic syndrome, 65
- PRURITUS ANI**
 - psychologic understanding of, 375
- PSYCHIATRIC RESEARCH**
 - multidisciplinary methods in, 66
- PSYCHIATRIST(S)**
 - clinical validities by analyzing the psychiatrist exemplified in relation to anxiety diagnoses, 273
 - performance of, in therapeutic interview, 68
 - responsibilities of, 66

PSYCHIATRY

- acts of violence with electroencephalographic changes, 223*
- attitudinal factors influencing outcome of treatment of hospitalized psychiatric patients, 326*
- case work in teaching of, 370
- changing concept of normality and its assessment, 169
- community needs of elderly psychiatric patients, 371
- diagnosis and treatment of phobias, 368
- drop-out from outpatient psychiatric treatment, "personality" and situational determinants, 175
- inadequate personality in psychiatric practice, 268
- interpersonal theory of, 169
- meaning of ethical concepts for, 168
- mepazine in treatment of psychiatric disorders, 18*
- methacholine and cold pressor tests as indicators of autonomic reactivity in mental states, 303*
- new concepts of psychiatric care with special reference to the day hospital, 269
- in patients from alien cultures, 67
- predictive psychophysiological studies 73
- prefrontal lobotomy, Veterans' Administration study of, 205*
- probability and state of mind, 375
- psychiatric occupational therapy, 176
- psychiatric research in space medicine, 268
- psychiatric treatment of habitual criminals, 367
- reading disability, new therapeutic approach and its implications, 251*
- Shakespeare's, and after, 370
- social work in treatment of hospitalized mental patients, 361*
- suicide, mendicide, and psychic homicide, 269
- understanding of, by general practitioner, 174

PSYCHOANALYSIS

- associative anamnesis and sector therapy as a psychoanalytically oriented approach to patients, 272
- comparison of, with dynamic psychotherapies, 74
- psychoanalytic applications to levels of group psychotherapy with adults, 74
- self-understanding of man and, 272

PSYCHOLOGISTS

- performance of, in therapeutic interview, 68

PSYCHOLOGY

- psychologic factors involved in bizarre seizures, 384

PSYCHOPATHOLOGY

- of suicide, 376

PSYCHOSES

- chlorpromazine, effects of, in psychotic behavior, 147.* 275
- etiology of sociopathic reactions, 377
- experimental approach to psychopathology of childhood, 274

- method of direct analysis in treatment of, 180
- periodic, 268
- perphenazine in treatment of, 44*
- psychopaths and the Mental Health Bill, 366
- psychosomatic disorders and, 374
- releasable histamine levels and histamine tolerance in tissues of psychotics, 266
- structural theory of endogenous, 274
- treatment of, by interrupted prolonged sleep, 276

PSYCHOSOMATIC MEDICINE

- intestinal absorption in mood disorders, 271
- psychogenic hypersomnia, 174
- psychologic understanding of pruritus ani, 375
- psychosomatic aspects of the common cold, 173
- psychosomatic aspects of narcolepsy, 172
- relation of psychotic states to psychosomatic disorders, 374

PSYCHOTHERAPY

- for the aging, 378
- with ambulatory schizophrenic patients in mixed analytic groups, 75
- brain mechanisms and, 170
- direct analysis in treatment of psychoses, 180
- doctrine and experience, influence on the psychotherapist, 280
- dynamic, psychoanalysis compared with, 74
- ego-strengthening aspects of supportive, 379
- factors affecting results in, 76
- health oriented, 380
- with latent schizophrenics, 379
- in male homosexuality, 77
- management of paranoid schizophrenic with, 75
- nascent somatic delusion treated by confrontation technique, 135*
- psychoanalytic applications to levels of group, with adults, 74
- sociodynamics and, 280

PUERPERIUM

- characteristics of postpartum mental illness, 70

READING

- disability in, therapy for, 251*

REFLEXES

- plasticity of human abdominal skin reflex, 182

REHABILITATION

- posthospital adjustment of chronic mental patients, 73

RESERPINE

- in alcoholism treatment, 167
- behavior and, 278
- on a chronic disturbed ward, 80
- duration of manic attacks and, 178

SCHIZOPHRENIA

- acetylpromazine in chronic, 368
- childhood, 72, 372, 373

- criteria for selection of chronic schizophrenics for biologic studies, 367
- language in, 66
- perception in, LSD-25 and, 80
- phenothiazine drugs and concentrative attention span in chronic, 179
- preadaptive attitudes to hallucinations in, 171
- psychotherapy with latent, 379
- sensory deprivation and, 377
- simple and choice reaction times in, 171
- toward an integrated theory of, 71
- clinical studies:*
 - adenosinetriphosphate (ATP) in, 267
 - ceruloplasmin in, 7*
 - indolic compounds in urine in, 265
 - physiologic effects of schizophrenic body fluids, 266
- treatment:*
 - anergic, imipramine in, 235*
 - comparison of chlorpromazine and EST in, 278
 - comparison of two phenothiazine derivatives and a barbiturate in chronic, 179
 - drug-resistant, trifluoperazine in, 247*
 - glucose and insulin in, 81
 - group training and tranquilizers in, 176
 - high dosage prochlorperazine in chronic, 80
 - iproniazid in, 279
 - management of paranoid, with psychotherapy, 75
 - promazine hydrochloride and acetylpromazine in chronic, 368
 - psychotherapy in mixed analytic groups, 75
 - synergistic action of prochlorperazine and mepazine in, 144*
- SENILE DEMENTIA**
 - test for residual mental ability in, 270
- SERUM**
 - ceruloplasmin in schizophrenics and normal controls, 7*
- SKULL**
 - injuries, diagnosis and treatment of, 89
- SLEEP**
 - prolonged, in treatment of certain psychoses, 276
 - psychogenic hypersomnia, 174
 - psychosomatic aspects of narcolepsy, 172
- SOCIAL WORK**
 - in treatment of hospitalized mental patients, 361*
- SODIUM AMYTAL**
 - extraversion and, 78
- SPINAL CORD**
 - arterial anomalies of, 187
 - metastatic neoplasms involving, 187
 - spinal extradural cysts, 385
- SPIRODON**
 - clinical evaluation of, 91
- SUICIDE**
 - by means of victim-precipitated homicide, 335*
 - psychopathology of, 376
 - study of, 269
- TESTS**
 - assessment of feeble-minded, 271
 - Funkenstein, current status of, 170
 - methacholine and cold pressor, as indicators of autonomic reactivity in mental states, 303*
 - prediction of improvement by use of epinephrine-methacholine, 267
 - projective, in evaluating ataraxics, 276
 - for residual mental ability in senile dementia, 270
- $\alpha, \alpha, \beta, \beta$ -TETRAMETHYL SUCCINIMIDE
 - clinical study of intravenous administration of, 38*
- THALIDOMIDE**
 - clinical studies of, 243*
- THYMECTOMY**
 - in myasthenia gravis, 92
- TOLBUTAMIDE**
 - diabetic neuropathy and, 382
- TRIFLUOPERAZINE**
 - in treatment of drug-resistant schizophrenics, 247*
- TRIMETHAPHAN**
 - reduction of cardiovascular stress during electroshock therapy by, 315*
- TUMORS**
 - brain:*
 - Boeck's sarcoid simulating, 286
 - in children, electroencephalogram in, 284
 - clinical and electroencephalographic studies in spontaneous intracerebral hematoma, 282
 - conditions that determine onset and development of, 285
 - extraocular motor disturbances in primary, 386
 - meningiomas of lateral ventricles, 90
 - neuropathy of multiple myeloma, 87
 - spinal cord:*
 - metastatic neoplasms, 187
- TWINS**
 - appraisal of psychogenic twin data, 72
- VASOSPASM**
 - cerebral, clinical, and experimental evidence for, 84
- WILSON'S DISEASE**
 - diagnosis and treatment of, 85
